### **SunWize Receives Solar Leadership Award at the 2010 New York Solar Industries Conference**

**Kingston, NY, May 20, 2010** – SunWize Technologies is proud to announce that The Solar Energy Consortium (TSEC) has honored SunWize with its 2010 Solar Leadership Award. The award is given to a New York-based solar business that has played a key role in developing the solar market in New York State and beyond. TSEC is an industry-led not-for-profit organization realizing the promise of solar energy by mobilizing the resources of New York State. The award was presented at the New York Solar Industries 2010 Conference in Albany, NY on May 13.

“We are honored to be recognized for our part in the development of the solar industry in New York State as well as our expanding role nationwide over the past 18 years,” stated David Kulik, CEO and President of SunWize Technologies. Kulik added, “We look forward to continuing to play an important role in the promising future for solar in New York, the US and the world.”

Since 1992, SunWize has been a leading global provider of cost-effective and dependable solar power solutions. SunWize’s experienced team of professionals offers the largest product inventory in North America, an extensive line of pre-engineered systems and the broad capability of a design engineering staff. As a Mitsui & Co (USA), Inc. subsidiary, SunWize provides the technology, the expertise and the network to deliver reliable residential, commercial, government and industrial components and systems. The company operates manufacturing and distribution facilities on the east and west coasts and sales offices throughout the U.S. and Canada.
