▪ **FEATURES:**

- These solar module roof/ground mounts are made for industrial applications.
- The universal slotted design, and adjustable width, allow a wide variety of modules to fit.
- The telescoping Adjustable legs allow for an adjustable tilt from 30° to 60°
- The heavy duty brushed aluminum design provides strength and durability, while keeping the weight as low as possible
- Available with either a 96" or 60" module rail
- Designed with stainless steel fasteners to ensure long life
- Cast angle bracket feet allow the roof ground mount to be mounted down to flat or angled surface, while ensuring strength and durability
- Legs must be anchored to concrete pads, metal beams, or other fixed Structures
- Multiple mounts can be used together to create large array strings

▪ **WARRANTY:**

- 2-Year Limited Warranty of Materials and workmanship

▪ **CERTIFICATIONS:**

- Wind Speed Rating: 90-110 MPH
- Exposure C per the 2010 California Building Code ASCE 1-0 5
