

CAPABILITY STATEMENT

ABOUT US

SunWize Power & Battery designs and builds reliable, stand-alone power solutions and off-grid applications. With over 20 years of proven reliability in extreme environments, our hybrid power systems and battery backup systems are pre-engineered, assembled and tested for easy installation and minimal maintenance. We also offer a broad range of remote industrial power system components, such as electrical components, batteries, solar panels, enclosures, and solar module mounts.

PRODUCTS

- Hybrid Power Systems (Solar/Wind/Generator)
- Off-Grid Autonomous Power Systems
- Remote Battery Backup Systems
- Rugged Solar Mounts
- Rugged Enclosures
- Components and Sub-Assemblies

SERVICES

- Hybrid Power System Design and Analysis
- Design for Back-up Power Systems
- Solar System Sizing and Design
- Consulting Engineering
- Assembly and Testing
